Free sample sheets from our workbook *Trace Telugu Letters*

1. Say each letter aloud with your child before tracing. Hear Telugu letters spoken aloud at telugu.earth/alphabet.
2. Trace with a pencil, slowly, starting at the top of the letter where you can.
3. Black: look and say. Dark grey: trace. Light grey: trace on your own. Empty space: write it yourself.
4. The charts show all 16 vowels (achulu) and 36 consonants (hallulu) of the varnamala.
5. The tracing pages here are a few letters picked from the workbook (అ, ఆ, క, మ), so they don't run in full alphabetical order. The full workbook has every letter in alphabetical order.
